Programming Languages

JavaScript (ES2015+), C / C++, C#, .NET, Python 3, Flask, Django, NodeJs, ReactJs, VUE, ExpressJs, NextJS, MongoDB, SQL, PHP, HTML, CSS, SASS, Tailwind, Git, Firebase, Heroku.

Education

SINCE FEB 2022

Computers Systems Engineering, B.S. / Superior School of Computer Sciences (ESCOM IPN)

I'm a computer science student, also a intermediate-level member of algorithmic club, and I am aspiring to get the best knowledge and experiences to be able to be a great software developer.

AUG 2016 – FEB 2021

Civil Engineering, B.S. / Faculty of Higher Education Acatlán (FES Acatlán UNAM)

I finished my Civil Engineering degree in a timely manner, with above-average grades. I learned the basics of programming due to my classes, and participated in some science, math, and programming contest.
